WRITING

Dear Daniel,

Thank you for your letter. I could not write you any earlier, I'm sorry about that. I'm glad you are okay. Talking about me - I'm really visited the theater and this still popular in Russia. I prefer the movie. The films are very convenient, you see the situation itself, the actors, what is happening, every thing is more pronounced and more convenient, the film looks very realistic. There are many good modern theaters in Russia that you can visit.

Best wishes.

Write back soon.

Arelan.
